

KALIBANDULU

KALIBANDULU was founded in 1999 by the passion of TONI aka REBEL T for Jamaican music in all its forms and expressions.

The real turning point for KALIBANDULU comes when the sound system began playing in BOMBOCLAAT Pergola, the best yard of the city.

In 2001 BOB FIRE and DAMAJOR became part of the growing sound. In 2005 mc BOB FIRE came back to live in Salento. In 2006 KALIBANDULU sound becomes one of the most appreciated and followed sounds.

In 2006 expanding to new and upcoming talent MAD MIKE (Selecta), MOIZ (Selecta) strictly from Mesagne (Brindisi). With this new team in 2007 KALIBANDULU won "THE FINAL BATTLE" the clash in Pisa, the "KILL OR BE CLASH KILLED" in Catanzaro and the first Italian "TAG TEAM CLASH" with Northern Lights in Martignano (Lecce).

2007 and 2008 where two years full of successes, which made them the most booked italian sound. They play in a lot of italian and european yards. In 2008 at the crew added DON LEO the new promising MC from Surbo (Lecce).

KALIBANDULU works very hard in the studio producing the series of mixtapes, JUGGLING FROM MARS, there remix cd's with Vol.0 in 2006, Vol.1 in 2007, Vol.2 2008 and Vol.3 2009. In JUGGLING FROM MARS Vol.2 you can see KALIBANDULU in collaboration with CHAMPION SQUAD (Miami), with whom they shared many dates abroad. The young crew is growing musically and in parallel, with one of the youngest major producers of Jamaica, SEANIZZLE, creating riddims like KLAMPUTE, REVERSE OF TING, GULLY CREEPA, OUTADA and more.

In November 2008 MOIZ won the "JUGGLING WAR" DJ Contest in Milano. In September 2009 MOIZ went to represent KALIBANDULU in the U.S.A. for the first time. MOIZ played in the baddest yard of Florida and won another "TAG TEAM CLASH" against Killa Face (Miami) and Big Life (Chicago).

In 2010 KALIBANDULU started a new year with their monthly brand new Mix-CD-Collection with all the best and new productions of each month.

KALIBANDULU today is one of the most popular sound systems in Italy (but not only) for their Jugglin' nights. This sound will not disdain the "cultural" and old look of reggae music, but rather wants to innovate it.
